A proper terminal disclaimer is acknowledged.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 15, 16, 18-29 and 34-37 are rejected under 35 U.S.C. 102(e) as anticipated by Tai et al (US 6,599,598).

Rejection is maintained for reason of record.

Claims 15, 16, 18-29 and 34-37 are rejected under 35 U.S.C. 102(e) as anticipated by Tai et al (US 6,759,107).

Rejection is maintained for reason of record.

Applicant's declaration under 37 C.F.R. 1.132 has been considered but found unpersuasive. See MPEP 715.01(a) and 716.10 wherein the situation when applicant can overcome 102(e) rejection by submitting a declaration under 37 C.F.R. 1.132 is taught. However, it states that the subject matter claimed in the instant application was disclosed but not claimed in a patent application filed jointly by the inventor and another.

However, the subject matter of the instant application was also **claimed** in the patents used in the office action (as partially evidenced by the terminal disclaimer submitted by applicant), and thus said declaration cannot remove the patents used in the office action.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
